

First Swiss SCLC 2021

100 medias

The First Swiss Supply Chain & Logistics Conference was created to bring together all stakeholders involved in the industry, present the latest innovations and technologies, discuss the challenges faced by the industry, introduce more environmentally friendly solutions and, ultimately, help generate business opportunities between all participants.

The conference is open to all stakeholders in the Value Network from all over the world looking to create a more agile, resilient and sustainable supply chain and optimise logistics operations.
